

2017 PLAYNATION OF GEORGIA DEMO SALE UNITS

These demo units are all from our line of Lifetime Play Systems. Our Lifetime sets are manufactured in Canton, Georgia using lumber grown, harvested and milled in North America. We use durable Northern White Cedar for all main posts & swing beams, and hard-wearing, Preserved Southern Yellow Pine for all other parts. Both are resistant to rot, decay and insect damage while standing up to the harshest of elements. This exclusive combination of lumber utilizes the best qualities of each wood species allowing us to create the safest, sturdiest and longest lasting play system available.
